unsafe environment

Unsafe environment for patients and staff. Lack of support from management. Understaffed, unprofessional and unrealistic expectations on clinical and non clinical staff. Issues fall on deaf ears and put patients/staff at risk.

Great work life balance, shame about the management and head office

Receptionist  Mossley

I really enjoyed going into this job role first and learning something new. I was welcomed so warmly by colleagues and I was very grateful to have met some of them and still keep in contact. What I do not agree with is how the training is non existent and head office are not understanding of your troubles/ needs. They need to treat their workers with more respect.

Pros ✓

Work/ life balance

Cons ✗

Long hours, no training

How did they even get a licence to operate?

Administrator 📍 Manchester, Greater Manchester

Absolute shambles of a company. No one seems to be in charge. Large scale payroll problems. Training non-existent. No one cares. No one gets back to you. Rude staff.
