Interactive Benchmarks for Google rating

Current benchmark metric: Google rating. The first card follows the most recently clicked practice on the map. Each selected management company gets its own card below. Nearby means other practices within 2.5 miles. Company headline better/worse counts are compared with other management companies, not individual practices.

New Bank Health

Focused practice · M12 4JE · code Y02960

New Bank Health is 1.1 below than the nearby typical score and 1.4 below than the rest-of-dataset typical score on the current benchmark metric, google rating. It ranks around the 6th percentile against the rest of the dataset. It is doing better than **14** practices and worse than **305** practices.

GOOGLE RATING	1.9 New Bank Health · 1 usable value	3.0 Nearby typical · 44 peers	3.3 Rest of dataset typical · 323 peers	Against nearby: 1.1 below. Against the rest: 1.4 below.
SURVEY COMPLETION	10% New Bank Health	15% Nearby typical · 44 peers	23% Rest of dataset typical · 306 peers	Return rate ranks around the 5th percentile across the dataset.

GTD Healthcare

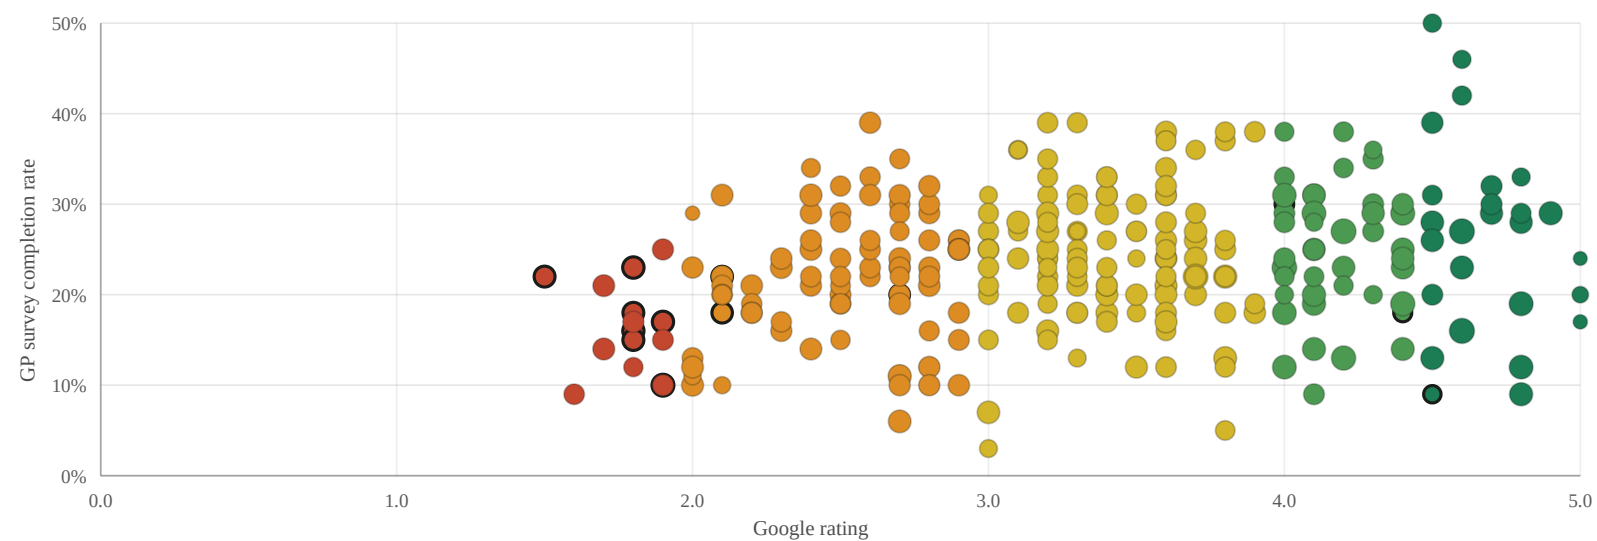

14 practices in the current dataset

GTD Healthcare average is 0.7 below than the nearby typical score and 0.7 below than the rest-of-dataset typical score on the current benchmark metric, google rating. It ranks around the 8th percentile against other management companies in this dataset. It is doing better than **1** management companies and worse than **11** management companies.

GOOGLE RATING	2.6 GTD Healthcare mean · 14 practices with data	3.3 Nearby non-company typical · 139 peers	3.3 Rest of dataset typical · 310 peers	Against nearby non-company practices: 0.7 below. Against the rest: 0.7 below.
SURVEY COMPLETION	19% GTD Healthcare mean · 14 practices with data	20% Nearby non-company typical · 137 peers	24% Rest of dataset typical · 293 peers	Return rate ranks around the 24th percentile across the dataset.

Completion Rate vs Score

283 practices have both GP survey completion data and a usable google rating value. Median completion is 23%. Pearson r is 0.25. New Bank Health is at 10% completion and sits around the 6th percentile for completion in this set.

Y-axis is GP Patient Survey completion rate. X-axis changes with the selected score source.
